

The NEW TCB-71 from TTI sets new standards in Citizens Band (CB) radio design, features and performance. Whether you're up to the TCB-771 in a truck, car or at home you'll appreciate the ease of operation and quality of communications. The combination of conventional black housing and modern blue illumination encompasses

12V-24V FREE VOLTAGE INPUT

Installed free voltage control serves a liberty to access any kind of vehicles, whichever they are using 12V power or 24V. Automatic and no switch.

EASY & QUICK ACCESS

Simple and user friendly rotary controls allow Channel, Volume, Squelch, RF Gain and Mic Gain to be precisely adjusted. The Quick Channel Up/Down button offers convenience for quick access. To ease operation further, the TCB-771 is equipped with 'soft touch' buttons for AM/FM selection, an Emergency Channel selection, Channel Scan and Quick Up / Quick Down.

EXTRA FEATURES

In addition to the standard power and antenna connections, the back panel also has interfaces for a signal level meter and an external loudspeaker.

MULTIPLE BANDS

For international use, the TCB-771 is pre-programmed with a number of user selectable national channel sets*, along with the 40 CEPT channels. The user friendly menu system also allows a number of adjustments to suit individual user preferences - from channel scan pause to backlight level and more.

The TCB-771 really puts you in control!
